

Choosing The Best Way to Pay

Upon completion of your examination with the dentist, you will be given a treatment plan estimate. It is important that you read your estimate and once you understand your treatment and any costs involved, we ask that you sign the treatment plan for our records.

You will also be given a copy of your treatment plan for your own records.

Our practice policy asks for patients to pay for treatment as you attend each appointment. We are happy to take payments by all major credit/debits cards and cash.

Receipts will be issued with each payment if required.

At Wessex House we offer practice health plans:

- Full Health Plan
- Prevention Plan
- Hygiene Plan

Our payment plans can help spread the cost of your treatment throughout the year, there are also many benefits:

- A yearly saving
- 10% off any treatment required
- Access to the emergency assistance scheme 24/7

Should you wish to find out more, please ask our reception team.

In an Emergency

Wherever possible, please contact us about emergencies during normal working hours, as early in the day as possible. We always endeavour to attend to your needs on the same day in one of our emergency slots.

In case of an emergency out of hours, please call the practice on 01935 817 950, and follow the instructions on the answer message.

How to Find Us

We are located along Westbury Road, opposite the Britannia Inn.

Parking

Parking is available along the main road, there is also a car park opposite Sainsburys. However, please be mindful of the 1 hour restrictions if you park in the parking bays just alongside the practice. Traffic wardens do patrol the area.

Welcome to Wessex House

Wessex House is a mixed NHS/Private Dental Practice, with a friendly team of clinicians, nursing and admin staff whom are committed to providing quality dental care to all of our patients in a relaxed environment.

We place great emphasis on preventative dentistry, by offering regular dental examinations complimented with excellent oral health care, provided by our experienced hygienists.

Through working together and helping you understand how to care for your teeth and gums, we can help you reduce the need for further dental treatment.

We appreciate any feedback or comments that you may have about the service you receive from us. You can let us know at any time by using our comments box in the reception. This can either be anonymous or if you would like a response, please feel free to pop your name at the bottom of your comment. We also carry out periodic surveys as we welcome your views.

How to Register With Us

We welcome all new patients to the practice. Once registered, you will be seen for a new patient examination, after which you will be informed of any treatment that you may need, along with the costs involved. Once your treatment is complete, you then have the option to join one of our health plans, or you can continue paying as you go for your treatment.

We do advise that you attend regular appointments. When arranging your initial appointment, please feel free to tell us if you have any additional needs, for example use of the stairlift or removeable ramp at the front door.

Appointments and Emergencies

Appointments can be made via telephone or in person during normal working hours. Our reception team are always willing to help and will endeavour to make appointments as convenient as they can for you.

If you have an appointment you subsequently cannot keep, please give us at least 48 hours notice.

We do our best to see our patients promptly, so please try and keep to your appointment time.

Once you have completed any treatment, we encourage you to come back at regular intervals. Please make sure that we have your up to date contact details and email address, this will enable us to also send out appointment reminders.

Services We Offer

We offer a wide range of preventative and cosmetic treatments at the practice. Complimenting this, we also have close links with local specialists whom we may refer to if necessary.

As a mixed NHS/Private practice, offering a high standard of dentistry, we provide the following services:

- Cosmetic Dentistry
- Tooth Whitening
- Implants
- Invisalign/Fixed Orthodontics
- Hygiene Services

If you have any worries about visiting the dentist, we will try and help you overcome this.

Please inform your dentist at each visit of any changes to your medical history.
